DEDICATION

MR. B. K. LITTLE

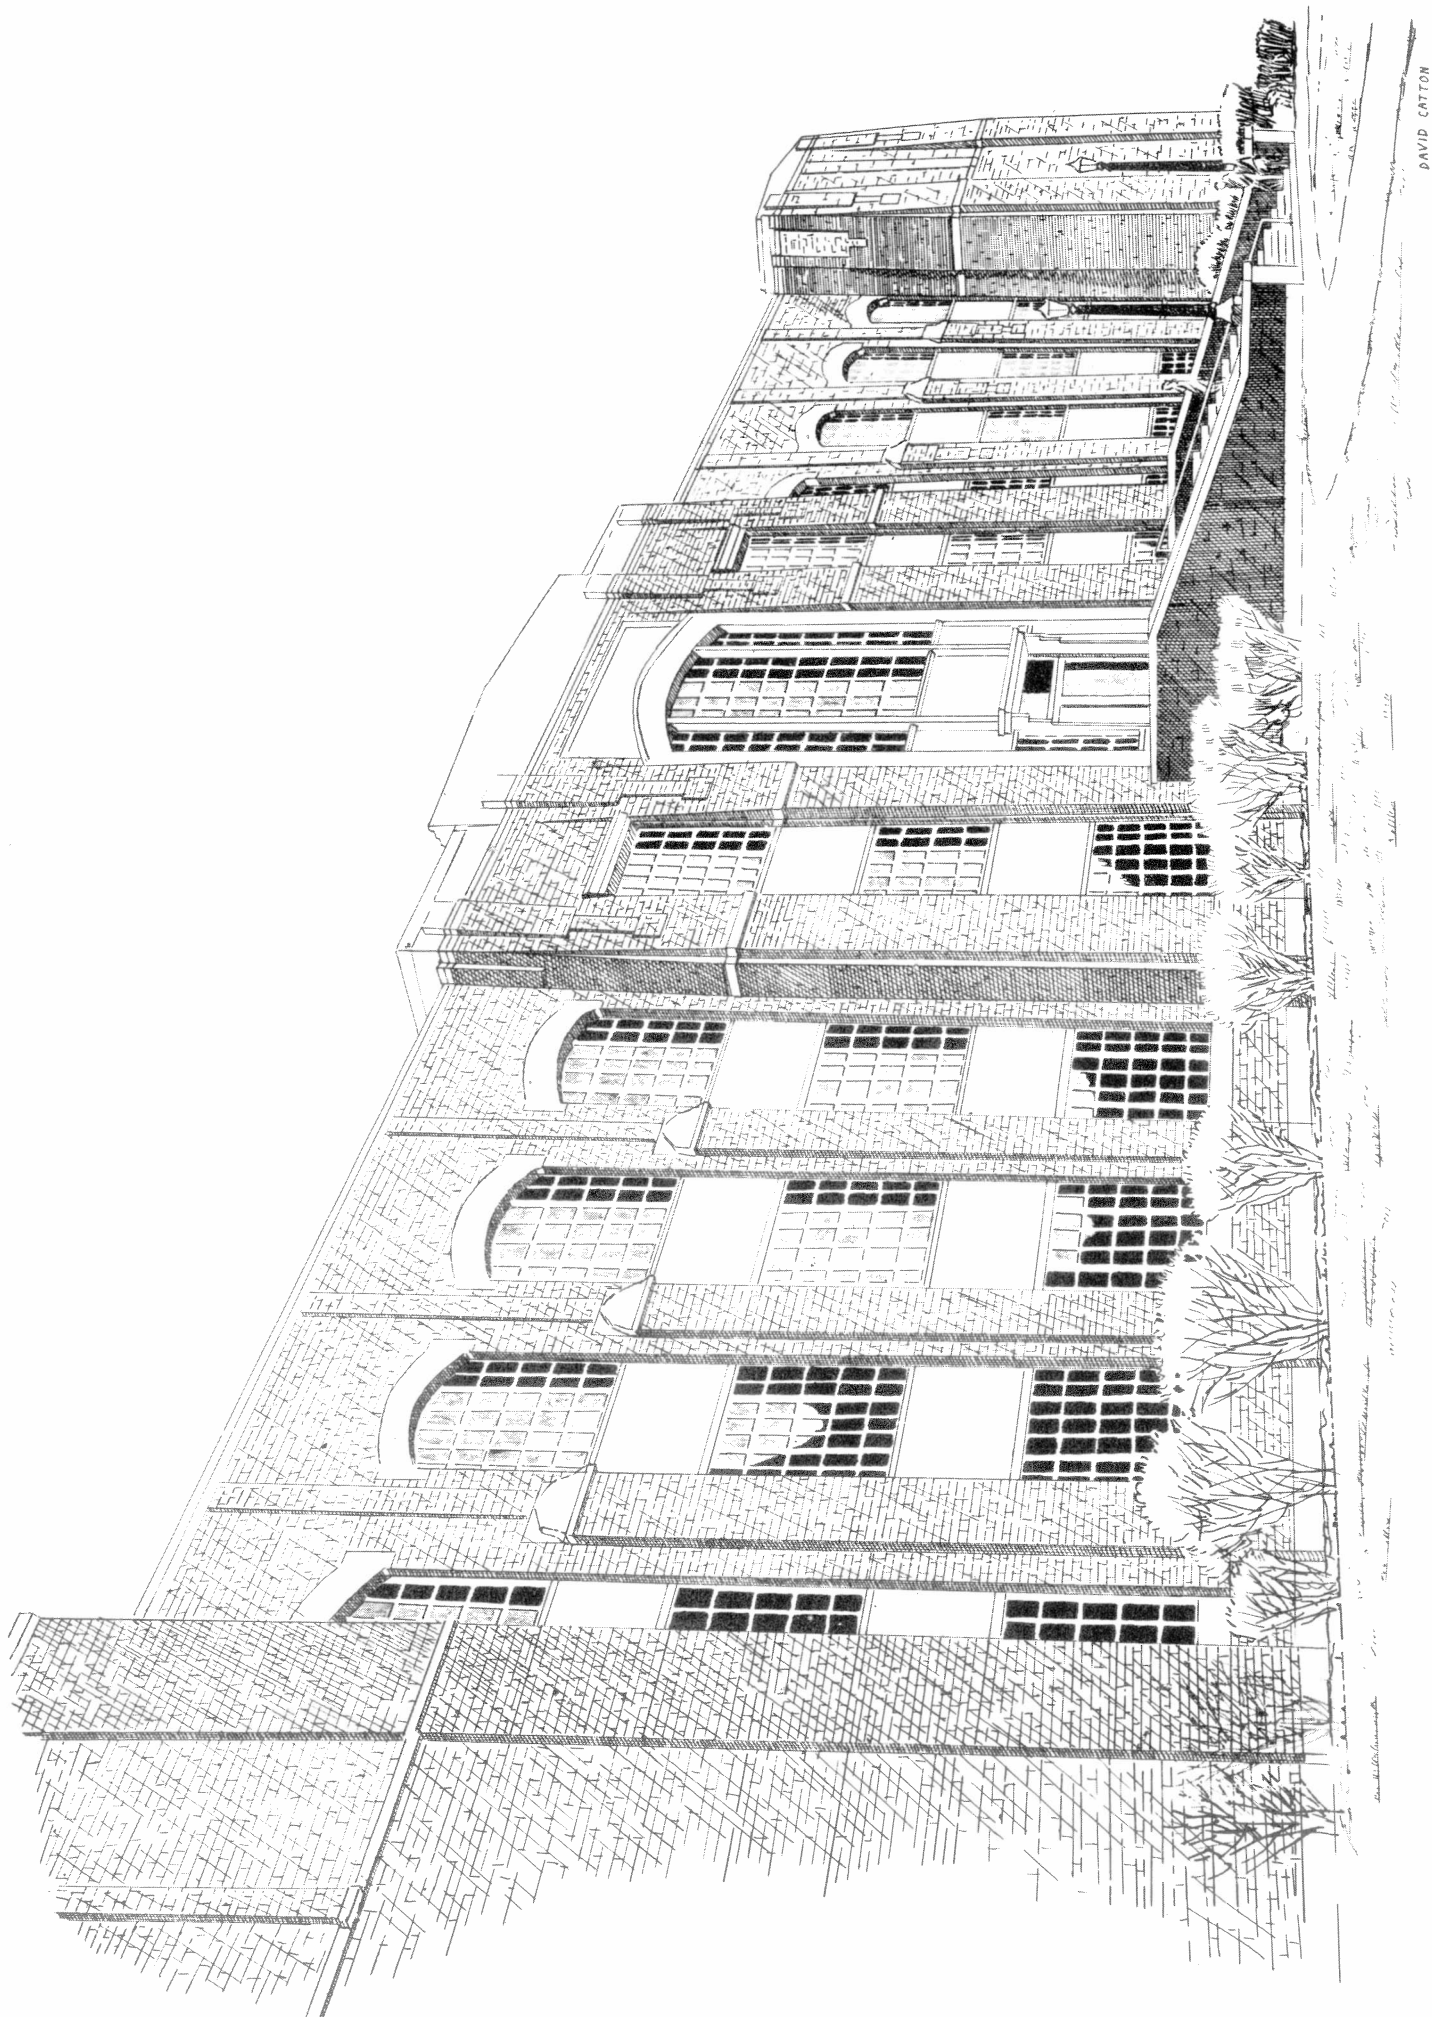

For the past seventeen years Mr. Little's terrific sense of humour and abounding knowledge and energy have made him a most popular figure among both the teachers and students at S.C.I.T.S. Not only does he excel as head of the French and German Department, but as a talented musician in his youth was winner of a Gold Medal for the violin. Sportswise in his younger years he was repeatedly tennis champion for the city of Hamilton and continued to win honours in this sport as a university student at McMaster.

Mr. Little was proficient in all subjects at high school, but decided to study Modern Languages and attended university on scholarships, winning many prizes for his mastery of French, finally ranking first in his graduating class. During World War II he served in the R.C.A.F. as a commissioned officer.

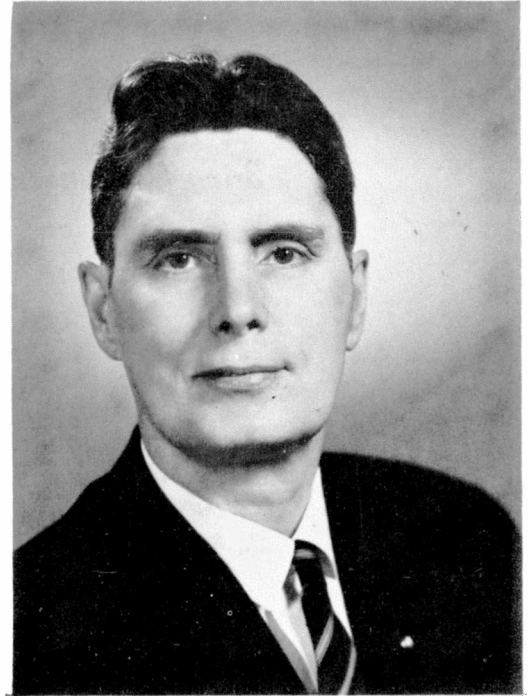

An important part of several school clubs and organizations, Mr. Little has been staff advisor for the Student Council for many years. In addition to this he has been a valuable player in the hard-fought teacher-student volleyball and bowling games as well as taking part in the cadet-training program.

Mr. Little's lively classes together with entertaining but effective teaching methods have made the languages he teaches truly living and the numerous students he has taught truly grateful.

We at S.C.I.T.S. take great pride in dedicating the forty-ninth edition of the Ad Astra Annual to Mr. Little — an excellent teacher, but most of all, a friend.

The theme of last year's foreword was based on the word, THINK. In addition to this fundamental aspect of education, another essential ingredient for a successful school career is found in the word, WORK.

There is no royal road to success. The long winding educational journey which all dedicated students have taken has often seemed insurmountable. Many fall by the wayside and few reach their final destination. To conquer the pitfalls one requires daily devotion to the task at hand. It is true that ambition is a keen incentive to progress, and we should all build castles in the air. However, only WORK will put the foundations beneath the castles. Another writer has aptly said: "Ten per cent inspiration and ninety per cent perspiration" is the true formula for those who would mount the academic ladder. Have you dedicated yourself to this task?

In closing I would once again express appreciation to the staff of the Ad Astra for their devotion to duty in assembling the records of our school life during 1962. May all of us follow in their steps as we continue to WORK for the advancement of S.C.I. & T.S. and our educational careers.

PROLOGUE to the Ad Astra Annual — 1963

As we look through this year's Ad Astra Annual a brief story from the history of our school unfolds. For within these pages are recorded the efforts and achievements of our students, the aims and accomplishments of our clubs, the set-backs and successes of our teams, the disappointments and delights of school life.

The ingredients of a good school magazine are those of a good school: teamwork, co-operation, leadership, responsibility, patience, and perseverance. Mix with these an abundant portion of hard work and the result is a school and a yearbook of which we, the students of SCI&TS, can be justly proud.

Before I close and let you recall the story of 1963, I would like to thank all those who helped make this magazine possible. First, to our staff advisor, Mr. Galpin, whose patience and valued experience was an extreme asset at all times, goes my special thanks. Next, to Allan Pippard my layout editor, to everyone else on the Ad Astra staff, and to those in the Commercial Office who helped with the typing, thank you for assisting with your time and your talents. Lastly, thank you, students of SCI&TS for supporting your clubs, your teams, and your magazine.

And now, read on into your yearbook — Ad Astra, 1963.

Valedictory Address

Mr. Saunders, honoured guests, members of the staff, fellow graduates, ladies, and gentlemen, tonight is in a sense, a bitter-sweet occasion for most of us. We are pleased, and in some cases even amazed and shocked, about the fact that finally we have been proclaimed literate by the Ontario Department of Education, but, at the same time, we are sad because this little piece of paper with its blue ribbon signifies the end of a chapter in our lives.

Yes, tonight we are formally cutting our physical ties with this school and with our way of life when we were students here. We have left the intimate atmosphere of S.C.I.&T.S. and many of us have even left our families and friends to seek our fortunes in a much larger and foreboding world. We have been forced to take stock of ourselves, to realize our strengths and weaknesses, and to think more seriously about life and its meaning. Is it any wonder, then, that in our quieter moments we remember a brick building on Wellington Street and feel grateful? Grateful not only for the academic and practical skills which we acquired here, but also for the lessons about living with others and about life in general which we learned. These latter lessons are neither taught by any special department here, nor are they recorded on our diplomas, but they are by far the most important lessons that we will ever learn; we can take them with us wherever we go and be assured that they will never become obsolete.

Yet, when we recall our high school days, I think that we will tend to take whatever knowledge we acquired here for granted. The things that will stand out in our minds, though, are our own personal memories through which we will be able to relive some of the happiest times of our lives and see again those people whom we grew to love and admire, some of whom, unfortunately, we will never be able to see again.

But tonight, while we are dwelling on our past achievements and on our former life, we cannot afford to lose sight of the future. We are fast approaching the age when we can exercise our full rights of citizenship and play a more active part in shaping world affairs. It is our duty to

prepare ourselves to handle this great task intelligently, because the world which we are inheriting is far from a stable one. We are living in troubled times under the ominous shadow of a mushroom-shaped cloud; we must wake up to the fact that we cannot afford to become negligent citizens if we want our free system of government to persist.

We must also realize that we have responsibilities beyond the boundaries of our own country, responsibilities to the other members of the human race who share this ever-shrinking planet with us. We should do whatever we can, no matter how small or trivial it might seem, to make this world a better place to live in. We must do our share in freeing mankind from disease, pestilence, want, insecurity and all its other numerous troubles, for in the final analysis we will be judged only on our merits as good human beings.

Right now you are probably thinking that all I need is my own little soap box, and you might be right. But, on Monday Oct. 22, as I was sitting in a crowded but quiet room in Toronto listening to the President of the United States speak, I suddenly realized two things. One was that the human race was even closer to self-annihilation than I had been willing to believe, and the other was that the destiny of mankind would soon rest on our shoulders and on the shoulders of every other person in our age group.

We should be thankful, then that we have been given the opportunity to receive one of the finest secondary school educations that our society can offer. It has helped us on our way to a full, active, and productive life, but we should never allow our thirst for knowledge to be quenched, and we should encourage others in their search for knowledge and understanding. That is why I consider it a great pleasure to be able to present the Torch of Learning on behalf of my class to Maria Zydownyk, a representative of the incoming grade nine class. Five years ago a similar torch was presented to a member of my class, and its light guided us on to reaching for greater heights; I hope that when the time comes for your class to pass it on that the love of learning will also burn much brighter in your hearts.

PETER GOULD

Peter is a boy not easily overlooked, not only because of his height (6' 5¼"), but also because of his participation in many school activities. As well as being a member of the Lettermen's, the astronomy, the Ecclesia, and the math clubs, Peter was editor of the Key Club's magazine "The Maple Key". With 3 years' honours, Peter is sure to succeed in the Honours Science course at Western University.

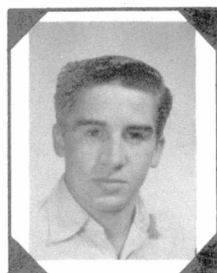

ANNE ALLEN

Norm "Red" is a retired member and last year's president of the G.A.A. Her two school letters are evidence of her participation in interform sports and various clubs. This year she is Vice-President of the S.C.I. & T.S. Club. The stars show that Anne will be spying on the bys at Western from the windows of Teachers' College next year.

WILLIAM HOLLANDS

Bill, an ambitious student who has switched over from the technical department to take Grade XIII, wishes to obtain a good standing on the departmental examinations and go on to higher learning. His favourite subject is Industrial chemistry. We wish Bill the best of luck in the future.

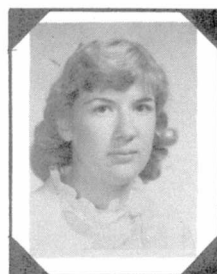

DONALD BALLANTYNE

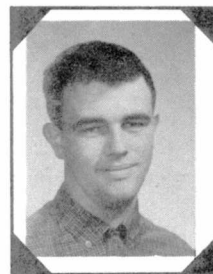

MIKE JONES

Upon completion of Grade 13 Mike hopes to continue his studies at Western in London in pursuit of his chosen career in Pharmacy. Mike's outside activities include coaching a successful basketball team at St. Paul's church, ice and roller skating. His classmates wish him the best of luck in the future.

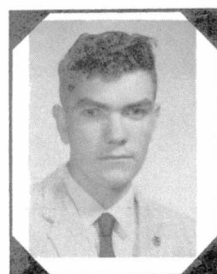

BEVERLY BLACK

Bev's ability on the gym floor has resulted in her winning all-round championships. She was student badminton and gymnastics instructor and has represented S.C.I. in volleyball, basketball, badminton and curling and on the rifle team which placed third in the Ontario competition. Bev, the school band's pride and joy on flute, has played solos in assembly. She plans to enter pre-medicine at Western, Canada's future "Benice Casey".

NORMAN LaLENDE

Those that know this jovial person, have received at times an occasional witty remark. After working for a year Norm has returned to school to complete his education or a reasonable facsimile of it. On week-ends he is kept quite busy with his job of holding up lamp posts on Martha Street.

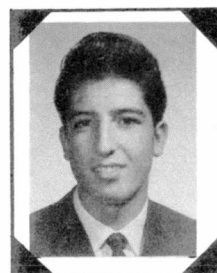

JOHN DEWULF

John came from the Technical department to try grade XIII. He can be seen late any night driving his black convertible down the highway within the speed limit. His ambition is to go to Waterloo. We wish John the best of luck in the future.

KAREN LITTLE

Tears are sure to flow the day Karen leaves the halls of S.C.I. to begin her nursing career. Her participation in many school activities including G.A.A., S.C.I. & T.S. Club "Oscar", and the senior letter presented to her. Don't forget to study that chemistry, Karen! It will be useful in your chosen career.

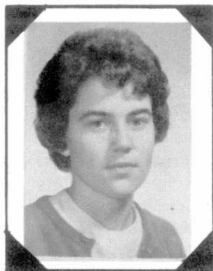

ONORIO FREZZA

Onorio, the brilliant boy who obtained honours in Grade twelve, is liked by most of his teachers for his Roman humour. On the week-end Onario's pastime is girls. If he doesn't change his mind, he plans to take Honours Mathematics and come back to teach at S.C.I. & T.S. We all wish Onorio the best of luck in his University life.

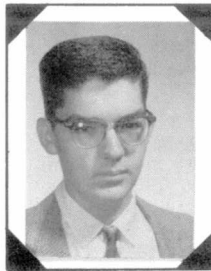

CONNIE MacBAIN

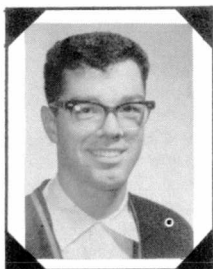

Connie is an honour student, has a pleasing personality, and is noted for saying "Would you repeat the question please Mr. Pate?" During her five years at S.C.I., she has participated in all interform sports, Ad Astra, I.S.C.F., Lettermen's Club, School Queen's Club, church functions, and is a charter member of the "C" Club. The graduating class wishes Connie the best of luck at University.

**CAROLE MAXWELL**

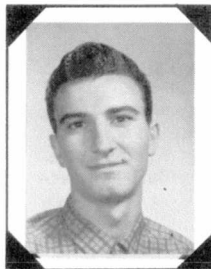

In addition to winning four honour certificates and several awards in mathematics contests, Carole's activities have included interform sports, bowling club, Dramatic Society, leading C.G.I.T., S.C.I.&T.S. Revue, and enjoying chips and pizza with other C Club members. With her interest in science and her composure Carole is sure to be a success in her career as a nurse.

**GILLES ROY**

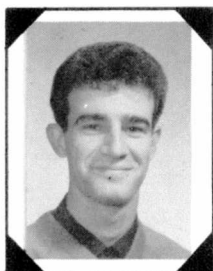

Gilles, import from St. Pat's, has been a good student throughout his high school career. This year Gilles has been a member of the Chess Club and is taking parts in the S.C.I.&T.S. Revue. We wish him good luck in his aspiration of receiving an engineering degree.

**JIM METCALFE**

Jim has attended S.C.I.&T.S. during his entire academic career. He plans to advance further in the line of his part time employment. His attentions are centered on water activities and art.

**LORETO SANTORO**

Loreto has been a member of the math club, the bowling league and the Key Club. These extra-curricular activities did not interfere with his acquiring honour certificates in the first three years (of public school). With his 90's (?) in mathematics and science, he is sure to be successful in becoming a math teacher. Buona fortuna amico.

**MORGAN MULVIHILL**

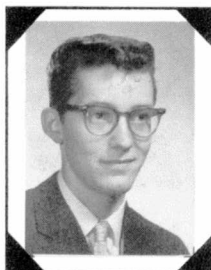

Morgan Mulvihill alias M.J. is an export from St. Pat's. He has retained his scholastic standing at S.C.I.&T.S. and helps tutor his friends. His ambitions are to make a final decisive conquest of grade 13 and become an accountant.

**WAYNE SCARROW**

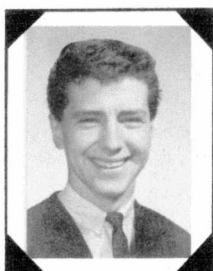

That tall, good-looking boy wandering around the corridors and taking spares in the cafeteria is Wayne Scarrow. Throughout his years at S.C.I., "Squirrel" has taken an active interest in Key Club, S.C.I. &T.S. Club and the Chess Club. Outside school he works at Loblaws, attends young Peoples, roller skates, and watches the girls enter and leave Harland's Restaurant. After completing Grade XIII, Wayne plans to attend University.

**IRENE PALIJ**

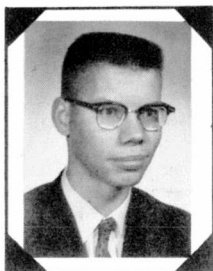

Irene, attractive, blue-eyed brunette will be remembered by fellow-students for her friendly smile and warm personality. During her five years at S.C.I. she has been active in all interform sports and has succeeded in obtaining her second letter. She plans to attend Teachers' College in London next year and later teach in Sarnia. We wish her much success.

**DARRYL REGAN**

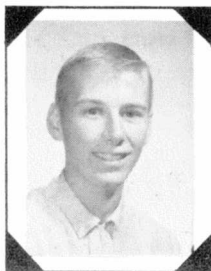

Between his daily swim across the St. Clair (which is rather difficult fully dressed) and feeding his pet boa constrictor, Darryl barely has time to squeeze in his other hobbies which include the Glee Club, girls, Revue, and Ad Astra, in that order. A 'devout' wrestling fan, Darryl can be seen at Kenwick every Monday night cheering for the bad guys. He hopes to travel to South America and corner the llama-wool sweater market . . . I'm sure he'll be a success.

**BONNIE STRANGWAY**

During her five years at S.C.I.&T.S. Bonnie has been active in extra-curricular activities and has received honours for four years. She has participated in interform sports, helped in S.C.I.&T.S. Revue, and has been a member of I.S.C.F., being president this year. Her pastime is receiving letters from Texas. Bonnie's quiet and friendly personality will be an asset in her future career as a teacher.

**HARM ROMBEEK**

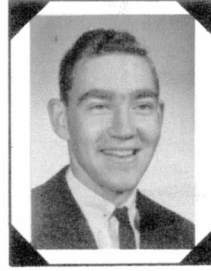

Harm, an ambitious student who has switched over from the technical department to take Grade XIII, hopes to study engineering at Waterloo, specializing in electronics, his favourite subject. We wish Harm the best of luck in the future.

**NORM TILTMAN**

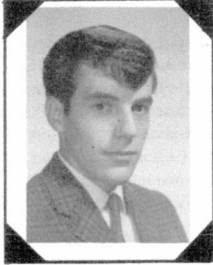

Norm has spent four years in the hallowed ivy and kelp-covered walls of S.C.I.&T.S. Between sniffs and swallows (Norm has sinus) he has received high academic standings. He is very active in sports, being a valuable "basketballer". I like Norm. We all like Norm. You would like Norm too. I am sure that Norm will be a success because of his likeable personality (even if he does go back to Wallaceburg). Best of luck Norm.

**JANET VROOMAN**

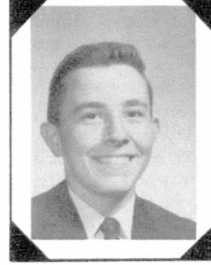

Janet's pet peeve is noon-hour classes which interfere with her interform sports and S.C. I.&T.S. Club activities. These interests, however, did not prevent Janet from obtaining four honour certificates. A pleasing personality and friendliness are just two of her many assets that will help her in her chosen career, nursing.

**DUNCAN M. WHITE**

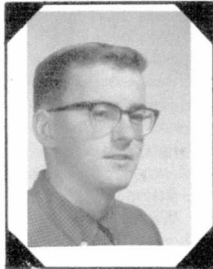

Duncan has taken an active part in past years in the Key Club, treasurer for 2 years, and in the Bowling league as a captain. He is active in Parker St. United Church and is sec-treas. of Sarnia Y'd Tracks Car Club. Duncan's main ambition is to pass his Grade 13 this year or at least receive a long term pin. Best of luck goes to Dunc in his future. He has surely been an asset to S.C.I.&T.S.

**DAVID WATSON**

Dave is a very quiet modest 5 year man who would like to say that his only accomplishments in high school were a 4 year career on the football team and basketball team, intermediate track championships, president of Ecclesia, Key Club, Dramatic Society, on the executive of chess club, S.C.I.&T.S. Club, Glee Club, & B.A.A. But he can't because he was never any of these. Oh well, Cheers, Dave.

**THOMAS WILSON**

A friendly smile, a pleasing personality — that is Thom Wilson. These assets account for his successful school career — President of Students' Council, Key Club executive, School Leader, representative to the U.N. Seminar, S.C.I.&T.S. Revue, Drama Club and band. He is also a hard worker as is shown by his 4 year honor pin and his part-time job. S.C.I.&T.S. says "Thanks, Thom and good luck".

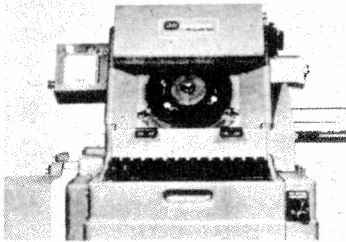

**JOHN W. WALKER**

John has played for the school football, volleyball, swim and track teams. He is on the Key Club executive as immediate past president. With four years experience as a class representative. John was this year elected treasurer of Students' Council. In Grade XII he received his Senior Letter. As a Queen Scout, John was sponsored to Oark Lake Leadership Centre. His ambition is a university education.

GARY BONNEY

This is Gary's first and last year at S.C.I.& T.S. (he hopes) having come from Kirkland Lake up in the northern wilderness. Hockey takes up most of his time, as he plays goal for our Junior B Legionnaires. Gary's most frequent saying since coming here has been "Does she go steady?" Upon graduation, Gary plans to pursue his education on a hockey scholarship at Browne University, Providence, R.S. or at the University of Michigan.

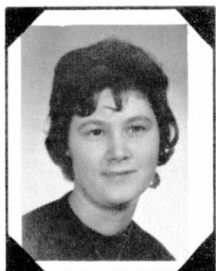

DAVID ELDRIGE

Although Dave is a very quiet and modest type of person, he is always ready to help a person catch up on any work he has missed. Dave's main interests are art and astronomy, and he also has his won telescope. After completing Grade 13 this year, Dave is moving to Toronto where he hopes to attend University. We all wish him the best of luck in the future.

CORA ANN BRYAN

Cora Ann Bryan, affectionately called "Mother" because of her graying hair, is a good academic student having obtained honours for the past four years. Cora enjoys bowling, reading good books, and until last year was an active member of I.S.C.F. Next year, Cora plans to attend London Teachers' College and then teach grade five or six. She is also one of the lucky C-Club girls.

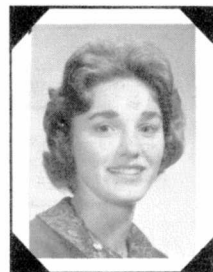

CAROL HAIGHT

Carol, famous for her red hair, has had honours for three years, but still has found time to participate in all interform sports. For four years she was a member of the bowling club and for three years was a captain. This year she is a member of the Letterman's Club and is active in Hi-C and C.G.I.T., where she is a leader. We wish Carol luck in her chosen career.

LINDA HILL

Linda finally realizing S.C.I.&T.S. is the best school, came to us from Central this year. Although noon-hour classes and working at Walker's restricted school activities, she participated in interform sports, was editor of the Ad Astra and active at her church. With her pleasing personality she succeeded in leaving and impression on other students and teachers (especially male). Next year: Western.

CLUBS

Editorial

This year, although only one new club has been added to the long list of clubs we find more and more students becoming interested in the present ones. The Chess Club is one of the best examples of this. Last year they had a few boys who were interested while this year there are quite a few boys and girls in Room 311 almost every noon hour playing or watching the chess matches. Other clubs like the Scits Club and Science Club have added more students who have made it possible for these clubs to expand their ideas and programmes. These expansions have made it more interesting for everyone in the school.

The new club which was formed this year is the Publicity Club. Mr. McKee, the staff advisor has formed a group of girls who are keeping the people of Sarnia interested and informed about the happenings of all the clubs at S.C.I.&T.S.

Besides the clubs who have increased their membership and the ones which have just been formed, there are the ones with the same number of members each year. These clubs are the Key

PAT VERNON

Club, I.S.C.F., and Math Club, to mention a few, and although they have had no great membership increase we find them doing their usual fine job. credit is due the Key Club who although made up entirely of boys, took over the big job of obtaining the ads which contribute so much to the success of our magazine.

Everyone must share with me the congratulations that should go to the Scits Club for the fine show they put on to entertain the students and their parents.

Congratulations should also go to both students and staff advisors of all the clubs that have made a great success of our school year. The students who participate in the clubs obtain help through the activities that they do. They learn and also become educated in the subjects they wish to study more fully. The students learn how to cooperate with other students and through this learn about life in the future.

Next year, I hope to see more students participating in all the excellent clubs so that our school will definitely be the best school in the city.

STUDENT'S COUNCIL

Back row: Dave John, John Walker, Mr. Little, Lynn Pollard.

Seated: Kerry Kirby, Thom Wilson, Carol Swift.

S

In the time between these selling sprees the Student Council had its yearly Commencement which was moved forward to November and also planned a Spring Prom to be in April and possibly, in future years, take the place of the Cadet dance. The mural designed by Janice Hayes has been given much consideration this year and we hope to have it completed by June.

Thanks to the help of our staff advisers and the cooperation of the form representatives this has been a very good year.

Members of the executive for 1962-63 were:

President: Thom Wilson
Vice-President: Kerry Kirby
Secretary: Carol Swift
Treasurer: John Walker

STUDENT'S COUNCIL

The Student Council tries to add some variety to the school year with special assemblies, days and dances. The first Monday of every month is Dress-UP Day, which is concluded with a tea dance when classes are over.

This year was mostly one continuous selling campaign, beginning with the selling of "Bomber Boosters", and followed by a sale of chocolate bars in aid of the band, which money went to buy their uniforms. Next, the council sold Christmas cards and tickets for the Drama Club's play for the first time. The final campaign was selling Ad Astras.

SCITS CLUB

SCITS CLUB

President: Darryl Regan
 Vice-President: Anne Allen
 Secretary: Cheryl Lee
 Treasurer: Karen Little

This year the club's objective was to entertain by presenting good comedy with a dash of seriousness. The skits were taken from all aspects of life and all time periods.

The purpose of the club is to give the students a chance to develop their qualities of leadership, responsibility and cooperation and display their talents. These efforts combined, produce a good show, a feeling of accomplishment within the students themselves, and bring in rewarding profits, from which deserving students, who participated in the club, receive bursaries to further their education.

S.C.I.T.S. REVUE

The 40th. Annual Revue was a three night performance due to the overcrowding in its last few showings. The theme this year was "news" with satires on local and national happenings of the past few months. The skits were well done and I think that the Girl's Kickline was one of the best yet. Here are what some people had to say about the REVUE: "the best show of its kind in Ontario", "completely done by students", "some of the Skits could be improved", and one little girl said "the Boy's Kickline was the best part". Congratulations to everyone connected with the show for the Revue's success.

The French Club is in its second year in S.C.I.& T.S. It was formed with the help of Mrs. MacLeod and students interested in French. They hope that participation in this club will further their knowledge of French language, Culture and Customs. The thirty girls who attend the meeting take turns giving reports on various topics of life in France and Quebec. They enact dramas, sing French songs and view pictures that help them to appreciate more fully their heritage in this bilingual society.

SCIENCE CLUB

The Science Club was organized by Mr. Amos in 1957 for the purpose of furthering interest in Science and giving students a chance to discover more of the mysteries of Science than they normally would.

Staff advisors for 1962-1963 are Mr. Prezeau and Mr. Godwin and the executive is as follows:

President: John Taylor
 Vice-President: John Barkwell
 Secretary: Ruth Heisler
 Treasurer: Art Payne

Meetings are held between twelve and one on Fridays.

Work on a Car Motor — by Jim Swan and Pete Wilkens.

And the Building of a solar satellite — by John Barkwell, Art Payne and John Taylor.

MATHEMATICS CLUB

The main purpose of the Math Club is to acquaint students with the many forms of mathematics. The Club also prepares the senior members for the Math Congress Tests held in March and all the members for the Mathematics Contests which are part of the Science Fair.

This year the Math Club entered two projects in the Science Fair. They were both about calendars but they were in two different categories. During the year the Club worked on problems given them by Mr. Scott.

Executive for 1962-63 is:

President: Hayward Best, 12A
 Vice-President: Joyce Lambert, 11C
 Secretary: Dan Peterson, 11A

KEY CLUB

Back row: Dave Whitfield, Art Payne, Don Livingstone, Steve Pembleton, John Walker.

Seated: Dave John, Rick Alexander, Mr. Hunter, Roy Blackshaw.

The Key Club is an international organization of young men, affiliated with and sponsored by Kiwanis International. It is an organization designed for and dedicated to service to the school and community.

To finance its many service projects, the Key Club has checked coats and sold refreshments at all school functions, sponsored a dance, and sold light bulbs. Its service projects include polishing trophies, soliciting advertisements for the Ad Astra, publishing a Students' Directory and supporting a Vietnamese boy through the Foster Parents' Plan, to mention only a few.

By its service projects and practical training in leadership and management, the Key Club is helping to produce better leaders for Canada's future.

LETTERMAN'S CLUB

Back row: Mr. Rome, Mr. Stevens, Miss Wilson, Jim McCallum.

Seated: Connie Mac Bain, Lynn Pollard.

Letterman's Club is unique in that only winners of the senior letter qualify for membership. In the past three years since the founding of the Award system, fifty-nine students have qualified. Of these, fifteen are presently students within the school.

The annual meeting and election of officers is held every May in the form of a banquet to which all members are invited. Thus the Club serves an Alumni Association for the school. The executive this year has been: Lynn Pollard, President; Connie MacBain, Secretary; Gail Siegel and Ted Kirk, Alumni Directors.

One of the major projects of the Letterman's Club this year was to raise funds for a trophy to be awarded with the Diane McLeod Memorial Award for Citizenship.

Letterman's Club also helped to arrange the trophies and awards in the new trophy cases.

Other projects have included the distribution of player lists during the football season and the promotion of school spirit by "pep" rallies and parades to the games.

The Publicity Club

This is a new organization in the school under the supervision of Mr. McKee. There are eight girls in this club who "snoop" around the school looking for any news which would prove interesting to the public. Rose Brown and Pat Trusty work for the Sarnia Observer; Sue Harris for the Windsor Star; Florence Kingston for the London Free Press; Gloria Thompson for the Gazette; Pat Vernon and Karen Pretty for CHOK. Jackie Chartrand is the club's typist.

The club meets every Tuesday at 3:40 in Room 204. Its main purpose is to keep the public informed of all events that take place in the school year.

IT'S EASY AS.....

CHESS CLUB

Each Thursday at 12:30 p.m. in Room 311, the members of the Chess Club meet to match their skills in playing this well known European game. Early last year, Mr. Saunders purchased a beautiful chess trophy to be awarded to the best team in the Sarnia high schools. Also last year the Key Club, while cleaning out the trophy case, happened to come across a small chess trophy. Mr. Saunders and Mr. Scott decided that this specific trophy should go to the person who proved himself to be the champion or the best player in the school.

The city trophy was shared by Central and S.C.I.&T.S. Hayward Best and David Essery ended up playing a series of games to declare the "Chess champion". He is David Essery.

I. S. C. F.

Standing: Gloria Forsyth, Ron Archer, Miss Clare, Pirjo Lammi.

Attendance at Inter-School Christian Fellowship was good this year as the students met each Wednesday at 12:30. Throughout the year they enjoyed singing, Bible studies, group discussions and dialogues. Several meetings with themes such Love, Prayer, and Faith, were led by various students. The members have striven to make their motto meaningful in school life, "To know Christ and to make Him known".

Their activities also included several socials. The new members "got acquainted" at a Halloween indoor party, which was followed later in the year by a toboggan party and a sleigh ride.

The members have spent their time well, sharing in both fun and fellowship. They hope that next year's I.S.C.F. group will grow and achieve even more success.

Members of the Executive for 1962-63 were:

President — Connie Strangway
 Vice-President — Karen Pretty
 Secretary — Ruth Ann Sitterley
 Social Convenor — Ron Archer
 Publicity Manager — Gloria Forsyth

ECCLESIA

The Ecclesia consists of a group of intellectually inclined individuals who are ever eager to put forth an opinion or idea on any topic of interest and usually support it with a long-winded speech.

Topics this year ranged from Separatism, Katanga, Evolution, World Government and Atheism.

More members are always welcome and the only requirements for membership are a voice and an opinion.

Radio and T.V. Club

The Radio and T.V. club meets at 12:30 on Tuesday and Thursday in room No. 118. The year began by the members repairing radios and they then branched into testing T.V. and radio tubes for anyone who needed them tested. They would sell them the new tubes if needed. The money they make is to be used to buy a kit which will consist of many different things to be raffled to students of S.C.I.&T.S.

Both were successful, the clarinet quartet getting a second and the brass quartet a first and a trophy as the best quartet.

The band also put on a concert last year in conjunction with the Sarnia Citizens Band.

This year, because of the generous response of the students, the band was able to get new uniforms. For this it is very grateful to the student body.

This year the band is entering two categories in the festival: the High School Band Section and the Open. Naturally they hope to be successful.

The band plans to repeat the annual concert and hopes that the affair will be well-attended.

Editorial

KAREN McLEAN 11A

This is my second year working on the Ad ASTRA and at this time I would like to thank those responsible for giving me this position.

Next I would like to say that the turnout at all the dances was excellent but there are always more juniors than seniors present. Each school club or form that has sponsored a dance did everything they could to make it a success and they have succeeded. We are grateful to the teachers who gave their time to act as chaperones.

Commencement this year was held in November instead of December but even though some people didn't think that it would succeed, it did. A Special Awards Assembly was held before Commencement for those receiving prizes from 9, 10, or 11 so that the Commencement program wouldn't be as long as it was in previous years.

School spirit in S.C.I.&T.S. improved along with the dances and other activities but it isn't what is expected from a school of such high quality.

FRESHMAN'S FROLIC

The first school dance of the year was dedicated to the freshman of our school. The boy's gym was decorated in blue and white streamers with the name of the dance on the wall. There were many juniors present but the number of seniors was very discouraging. Thanks should go to the Key Club for the fine job they did in making the juniors feel welcome.

THE SOMBRERO STAMP

Our second dance of the year was put on by the Student's Council. A large yellow sombrero (representing the theme of the dance) was suspended from the centre of the gym ceiling from which streamers were spread in all directions. Prominent throughout the dance were the hats worn by the students to assist the theme. On behalf of the students, may I say thanks to you, the Student Council for providing us with such a successful dance.

BLUE AND WHITE DAY

Again this year on the day of the Red Feather Game the students of S.C.I. & T.S. wore blue and white to support the Bombers. There was a very good response and I think it should be held again next year.

THE CHRISTMAS TOY TUMBLE

12 A-B's annual dance provided a night's entertainment of special dances and prizes. There was one thing very special about this dance. The admission was a toy so that some unfortunate children in the city would have a Christmas. St. Clair was invited and there was a good attendance from both schools. 12 A-B is to be commended for their successful dance.

DRESS-UP DAYS

The first Monday of each month is set aside as Dress-up Day. Even though the students are reminded of it, there is a poor response.

At the end of the day, the Student Council holds a free Tea Dance for all students who are dressed-up. Since there are boys' sports being carried on, the Tea Dances are mostly attended by girls.

THE SNOW SHOE SHUFFLE

The last dance of 1962 was sponsored by 13 A-B. The attractive decorations in the season's colours with large bells hanging from the centre of the gym brought gasps of delight from all including Northerners who came to a warmer climate for the evening. The grade 13 students are to be congratulated for their fine job.

PICKEREL PANIC

On Friday, February the 22, the Girls Athletic Association sponsored the first dance of 1963. The boy's gym was decorated with fishermen's nets scattered with paper fish. In the cafeteria lanterns hung from the ceiling. As an added attraction, the Majestics played for those who had come from the four schools. Also there were special dances and two door prizes. All this made the PICKEREL PANIC a success and congratulations to the G.A.A.

THE SARNIA GENERAL HOSPITAL

School of Nursing

Offers an approved course to High School Graduates seventeen years of age and over. The minimum entrance requirement is the Secondary School Graduation Diploma with four options, one of which is science, but preference will be given to students who have more than the minimum requirement, when factors such as interest and aptitude seem equal.

It is an advantage for students to complete Grade 13 before entering the Nursing School. Students registering in Grade 13 should consult University Calendars for assistance in choosing courses so post graduate education will be possible for those who wish to go on after Nursing School.

A black and white cartoon illustration of a chaotic basketball game. In the center, a player wearing jersey number 8 and glasses is in mid-air, reaching towards the basket with a look of intense effort. To his left, a player with jersey number 69 stands with a surprised expression, while another player with jersey number 5 is running towards him. On the right, a player with jersey number 1 is in the air, and another player with jersey number 7 is on the ground, looking up. In the bottom right corner, a player with jersey number 10 is on a skateboard, chasing a basketball. A basketball is also visible near the hoop in the top left. The scene is filled with motion lines and splashes, suggesting a fast-paced and messy game.

ROY McKEOWN, 10-D,
Boys' Sports Editor

This season the boys of S.C.I.T.S. did much to uphold the fine sports traditions of the school. Teams from our school placed first in many city and W.O.S.S.A. competitions. The Junior Basketball Team placed first in the city and also won the basketball tourney held in Goderich. The school Curling Team also took first place in city competition and won the Lucas Trophy. The Bombers finished their season in second place. The Junior Soccer Team also finished in second place.

A relatively new addition to the boy's sports was the House League. With the House League many more boys can now take part in sports such as football, floor hockey, swimming etc. The House League also helps stimulate interest in interschool sports.

It is sincerely hoped that boys of S.C.I.T.S. will continue on doing the fine work that they have been.

Front row: Vic Manabin, Trevor Davies, Rick Allen, John Fisher, John Stone, Bob Hamilton, Harry Walton, Rideau, Ron Coleman, Brian Hunter, Larry Byrne, Dave Burke.

The Bombers did well this season and managed to end up in a second place tie with St. Pats. Mr. Edgar and Mr. Hunter are to be congratulated on their fine management of the team. It is hoped by everyone that the Bombers will take first place next season. Good Luck!

S.C.I.&T.S. 0 — ST. PAT'S 25

In the first game of the 1962 season the Bombers suffered an over-whelming upset at the hands of a powerful St. Pat's team.

S.C.I.&T.S. 36 — CENTRAL 14

The Bombers beat Central in this game in colourful fashion by running the ball for a total of six T.D.'s Rick Watson and Doug Bedard were the Bombers top scorers in this game with Watson getting one and Bedard five.

S.C.I.&T.S. 0 — NORTHERN 33

The Bombers were unable to get going in this game against Northern. They played a good game but because of constant fumbling and a solid Northern line they were unable to score.

S.C.I.&T.S. 14 — ST. PAT'S 6

The Bombers pulled a startling upset as they beat the league leading Irish 14 to 6. Both our

offence and defence were excellent in this game.

S.C.I.&T.S. 14 — CENTRAL 12

S.C.I.&T.S. came from behind in good form to beat the Centaurs in this close game. Behind 13-0 at the half they managed to overcome the Central team. Rick Watson obtained both of the Bomber's T.D.'s.

S.C.I.&T.S. 0 — NORTHERN 13

In this game the league leading Vikings defeated the Bombers. Penalties hampered our team in this game.

S.C.I.&T.S. 13 — ST. PAT'S 21

The Bombers were edged out in this sudden death semi final game by an improved Irish team. St. Pats went on to be defeated by Northern in the sudden death title game.

Editorial

RUTH HEISLER,
Girls' Sport Editor

One of the most important lines in our school song is: "Where we learn to work and play the game."

While learning to work is one of the main reasons for going to school, learning to play and to get along with others is equally important. Thus the necessity of gym and interform sports. After all, where could you obtain a better lesson in human understanding than in a well-played, exciting game of organized sports?

This year there was a good turnout of both junior and senior girls for sports. Special commendation goes to the Grade Nines who really made the most of their first year.

In interschool competition we did not take all of the awards but I would lay even odds that the other schools could take lessons from us in good sportsmanship and team co-operation.

Special thanks are due to Mary Eng and the Girls' Athletic Association. Even greater thanks goes to the three gym teachers, Mrs. Marshall, Miss Downey and Miss Fenwick who were all new to the school but yet gave us our best-ever athletic season. My own greatest personal thanks are due to Mrs. Marshall who endured a lot of my griping and gave me information without which this section would be a total wreck.

In closing I would like to use a line which has been used in sports editorials before and which will be used for a long time after this one:

"It isn't whether you win or lose but how you play the game."

GIRL'S ATHLETIC ASSOCIATION

Back row: Left to right — Karen Little, Jackie Chartrand, Shirley Kirk, Mrs. Marshall, Judy McMurter, Linda Galloway, Linda Di Lorenzo.

Seated: Caroline Giggey, Kerry Kirby, Mary Eng, Judy Waters, Stephanie Brock, Kathy Ewener.

G.A.A.

The members of this years' Girls' Athletic Association as in the past, were elected by the girls in the school.

Executive:

President — Mary Eng

Vice President — Judy Waters

Treasurer — Stephanie Brock

Secretary — Kathy Ewener

The junior inter-school volleyball tournament was held at S.C.I. this year. The G.A.A. served a light lunch to all present.

WE had a most exciting volleyball game before Christmas exams with the lady teachers, who won.

We sold ribbons during the football season and plan to hold a dance and sell sweat shirts to help pay for our banquet.

The G.A.A. will also sponsor the Posture Queen Contest after the March exams. Their dance will be on February the 22nd.

Members of the G.A.A.

Karen Little, Kerry Kirby, Shirley Kirk, Jackie Chartrand, Linda DiLorenzo, Judy McMurter, Linda Galloway and Caroline Giggey.

By Mary Eng

I have learned and experienced much during the months of being president of the G.A.A. and wish, at this time to express my thanks to those responsible for giving me my position. I am very pleased with the participation of the girls in school sports but hope that next year will show an improvement.

Under the leadership of Mrs. Marshall, Miss Downey and Miss Fenwick our meetings have been going smoothly. My appreciation must be extended to Mr. Saunders and Mr. Fudge for the encouragement and help they have given me. Also each of the members of the G.A.A. has done her utmost in giving me her assistance. I hope all the girls on the G.A.A. have enjoyed the work as much as I have.

GIRL'S CURLING TEAM

Standing: Beverly Walters, Beth John, Linda MacKinlay, Karen Black.

Seated: Patty Geary, Beverly Black, Judy McMurtur, Joyce Pyette.

This year for the first time the girls of S.C.I.T. S. invaded the otherwise masculine field of curling and more than proved their worth. Every Monday from four to six o'clock, ten to fifteen girls could be seen diligently practising at the Sarnia Curling Club rink. School representative was Beth John of 12A and secretary-treasurer was Linda MacKinlay of 13B.

During January the W.O.S.A.A. curling bonspiel was held at the city curling rink and though having practised together for only two weeks our girls came third out of thirteen. The team was composed of:

Skip — Bev Black of 13A
 Lead — Joyce Pyette of 13B
 Second — Judy McMurtur of 10C
 Third — Patty Geary of 10A and
 Spare — Karen Black of 12C.

If it was possible to give a hand for some one on paper, I would give one for this curling team.

The girls would like to thank Miss Fenwick for all the time and effort she put into girls' curling. I myself would like to thank Joyce Pyette for all the above information and to thank not only the girls on the team, but all the girls who curled for showing the boys that they are not the only ones who like this fast-moving, exciting sport.

SENIOR GIRLS RIFLE TEAM

Standing: Beverly Black, Karen Black.

Seated: Joyce Pyette, Mr. Corns, Barb Alexander.

JUNIOR GIRL'S RIFLE CLUB

Back row: Joyce Prudom, Linda Doyle, Shirley Willer, Judy Busk, Valerie Grabove, Brenda MacMillan, Winnie Vanderburgh, Linda Jackson.

Front row: Judy McMurter, Debbie Core, Jean Blue, Mr. Corns, Dorothy Shannon, Cheryl Wright, Peggy Boyd.

GIRLS SWIMMING TEAM

Standing: Barbara Garrett, Harry Walton (coach), Karen Black, Donna Walko.

Seated: Joy Heather, Sally Abraham, Pat MacCartney.

GIRLS' RIFLE TEAMS

This year both junior and senior girls turned out in large numbers for Mr. Corns' classes in the "manly" art of shooting a rifle.

The junior girls, about fourteen strong meet every Friday after school. The seniors practise twice a week, on Wednesday and Friday mornings at seven. For this alone I think they deserve a medal or something because getting up before seven is bad enough let alone getting up to shoot a rifle, which is not the most pleasant thing to have to take the sleep out of your eyes.

The method in these senior girls' madness was to be in first rate shape for the Ontario Championships during the first year that they were allowed to enter. Against twelve other teams from the

province they managed to come third with a 91.2 per cent average. Joyce Pyette was high for the team with a 97 per cent. The other member of the team are: Barb. Alexander, Bev. Black, Karen Black and Marilyn Cole. These are all senior students with plenty of homework, so on behalf of the whole school, I would like to thank them for giving up their time to bring yet another honour to our school.

On behalf of both the junior and senior teams I would like to thank Mr. Corns for getting them ready to compete in the "Youth of the empire", D.C.R.A. and other competitions and for keeping when I know he might have liked to use the rifles on a few people who shall remain unnamed.

CHEERLEADERS

The cheerleaders for 1962-63 deserve special commendation, not only for the enthusiastic way in which they lead the school in support of our Great Blue Bombers, but also for cheering in some of the most miserable weather ever experienced at football games.

Large numbers of girls enthusiastically tried out for the cheering squad and the seven cheerleaders picked were from the best of the best.

Captain was Sherrill Dunlop; co-captain was Kerry Kerby, with Pat Cooper, Viv Derby, Kathy Ewener, Caroline Gigi and Susan Stroomenbergh, completing the squad. The alternate was Maureen Fulcher.

Keep up the good work, cheerleaders, and keep cheering our Blue Bombers on to victory until they lead the league!

REFEREES

If I asked the average girl in this school what her definition of a referee was she would most probably reply that it was a person who was a pain in the neck to have watch while you play a game and who almost always without fail is showing favouritism for the other side. But if I asked this girl to give it some thought she would in almost every case have to admit that a referee is a necessity in any well run game.

For this reason I would like to thank the girls of the referees club and all the others who referred for giving of their time and talents. Congratulations go out to those girls who earned their Sarnia "A" or "B" referees titles.

Once again girls, thank you and keep up the good work.

As the Ad Astra goes to press the basketball finals are not all over and the all-star teams are not yet chosen. This year the all-stars are being chosen on a volunteer basis with the gym teachers choosing the best of those who volunteered to be on the two teams. If the spirit shwon by the basketball teams is equal to the spirit shwon by the volleyball teams SCITS should provide tough opponents for all the other schools.

From watching a few senior games, I saw that the seniors were playing to the best of their abilities and that the games were fast and well-played. Junior games were not as well played but that was probably due to lack of experience.

On behalf of all of the girls who played inter-form basketball I would like to thank the gym teachers for teaching the game and organizing the tournaments and the referees for supervising the games.

DECK TENNIS

The Deck Tennis Tournament began in September, and continued on until the middle of October. Good sportsmanship was shown in most of the games, helping to make them all the more enjoyable.

May I congratulate both the senior and junior winners who worked hard and really deserved their pennants.

Linda Doyle's team of 10E captured the junior title. Her teammates were Lynn Leaver, Penny Hardy, Barb Booth, Joy Heather and Janice Nordell.

The senior winners were the girls of 12A1 with Judy Waters as captain, Beth John, Laura Anderson, Marg. Knowles and Susan Harris as her teammates.

VOLLEYBALL

The volleyball season this year was a long and satisfying one in most cases. Beginning in the middle of October, and ending after the final exams it was one of the best seasons ever had in the school. All the games were well played and good sportsmanship was quite evident.

The winners of the senior pennant were the girls of C-Sp. Their team was made up of Suzanne Brooks, Marilyn Graham, Sharon Hutchinson, Sylvia McCrea, Judy Prudon, Helen James, Dorothy Servter, Frieda Williams.

The junior team was C10B. Captain was Marlene McGill, Linda McDonald, Pauline Sprole, Lyn Beauchamp, Myrra Parsons, Ruth Fisher, Reta Homes, Janet Daybrant, Carrie Fauteaux, Marilyn Richardson and Jean Kerwin made up the team.

In interschool competition both of these teams played very well but both came second to Northern.

On behalf of all the girls who played volleyball I would like to thank the gym teachers for showing us the essentials of the game and the referees and scorers without which none of the games could have been played.

ALL-STAR VOLLEYBALL

This year, all star bolleyball was on a voluntary basis, with the gym teachers picking the best of those who volunteered to represent our school in the interschool tournament.

The members of the senior team were: Linda Di Lorenzo, Anne Allen, Diane Allingham, Karen Black, Stephanie Brock, Beth John, Pat Jackson, Marg. Knowles, Joyce Pyette, Dorothy Sewter, Darlene Smith and Judy Waters.

On the junior team were: Julia Brown, Linda Doyle, Marina Elzinga, Patty Geary, Joy Heather, Linda McDonald, Marlene McGill, Elke Ramsden, Sally Thorner, Ellery Walks and Debbie Williams.

Although neither of the two teams came first, all the girls tried their best and deserve a hearty thank you for their effort and for all the time they spent practising.

Also, on behalf of all the all-stars, I would like to thank the gym teachers, Mrs. Marshall, Miss Downey and Miss Fenwick, who gave up a lot of their own time to assure our school of having two ready teams.

G.A.A. vs The Teachers Volleyball Game

One of the highlights of the 1962 volleyball season was the exhibition game between the Girls Athletic Association and the lady teachers.

Playing for the teachers were Miss Downey, Mrs. Erickson, Miss Evans, Miss Fenwick, Mrs. Gough, Mrs. Lewis, Mrs. Marshall and Miss Nelson and Mrs. Wark. Two mystery players who turned out to be "Miss Susan" Hunter and "Miss Sally" Capes, who aided the teachers.

The G.A.A. team was composed of Mary Eng, Kerry Kerby, Caroline Gigi, Judy Waters, Karen Little, Judy McMurter, Kathy Ewener, Stephanie Brock, Linda Di Lorenzo, Shirley Kirk, and Jackie Chartrand.

This was a best two out of three match and after relinquishing the first game to the girls, the teachers went on to win the last two and to be proclaimed the victors.

The game was a lot of fun, both to watch and to play and raised much needed money for the G.A.A. Because of these reasons, I think this should be an annual event and should be held in all the girls' sports.

EXCHANGES

Each year the Ad Astra exchanges school annuals with other Secondary Schools both in Ontario and overseas.

We get many useful ideas from these exchanges. It is our hope that the benefit is reciprocal.

KNOW ONTARIO BETTER

Mr. Little: "Give me the present tense of the verb 'to laugh' in French."

Carol Haight: "Je smile, tu giggles, il laugh, nous roarons, vous splitez, ils bustent."

A fitful young fisher named Fisher
Once fished for some fish in a fissure
Till a fish, with a grin
Pulled the fisherman in:
Now they're fishing the fissure for Fisher.

Teacher: "Can you operate a typewriter?"
Marlene: "Yes sir. I use the Biblical system."
Teacher: "I've never heard of it."
Marlene: "Seek and ye shall find."

A sleeper from the Amazon,
Put nighties of his gra'mazon
The reason that
He was too fat
To get his own pajamazon.

Beastly weather occurs when it rains cats and dogs. Ha, ha, ha!

Sentry: "Halt! Who goes there?"
Answer: "Friend with bottle."
Sentry: "Halt bottle; pass friend."

The greatest battle song of all,
As folks march side by side,
Starts a never-ending war
It's called, "Here comes the bride."

Women's faults are many
Men have only two
Everything they say
And everything they do.

Violets are blue,
You'd be too.
The test was over,
Before I was through.

One parent: "I hear your son plays on the S.C.I. T.S. football team. What position does he play?"
Mr. Tyler: "I think he's one of the drawbacks."

Teacher (Rapping the desk): "Order please."
Sleepy voice from back row: "Hamburger with onions for me."

Teacher: "What is sawdust, John?"
John (Thinking hard): "Oh yes, it's the past tense of see dust."

The teenager's first letter from summer camp to his parents read: "Send food packages. All they serve here is breakfast, lunch, and dinner. Love Bill.

Thom Wilson, when sitting for examination, was asked to compose one verse of poetry including the words "anatomy" and "analyze". He wrote:

"My analyze over the ocean,
My analyze over the sea.
Oh, who will go over the ocean
And bring back my anatomy?"

9—C (1961-62) being introduced to Algebra.
Mr. Miller: "You can not add x plus y. As an example, what would you have if you added 2 oranges and 2 apples?"
Jim Swan: "Fruit salad."

Lou: "Why do they call that girl 'postscript'?"
Sue: "Because her real name is Adeline More."

JOKES

The one who thinks our jokes are poor
Would straightway change his views,
Could he compare the ones we print
With those we could not use.

Maggie: "What are the
three words most often
used by students in school?"
Laurie: "I don't know?"
Maggie: "Correct!"

I shot a missile in the air,
It fell to earth, I knew not where,
Until next day, with rage profound,
The man it fell on came around.
In less time than it takes to tell,
He showed me where that missile fell:
And now I do not greatly care
To shoot more missiles in the air.

The convicts have a band,
It's as bad as it can be:
They're familiar with the bars,
But can't get the key.

An English professor was having the second semester English exam mineographed.

Secretary: "But professor, this is the same paper that you gave last semester!"

Professor: "Yes I know, but I changed the answers."

Big Brother: "All right Susie, I'll help you with your homework. Now look, if you had five apples and I took one, how many would you have left?"

Susie: "I don't know. In my class we do arithmetic with oranges."

Joan: "Did the people in the audience cry when I died in the second act?"

Jack: "Naw, they knew you were only acting."

A lady goes to her psychiatrist for her regular appointment.

Doctor: "What did you dream last night?"

Lady: "I didn't have a dream last night."

Doctor: "Madam, how do you expect me to help you if you don't even do your homework?"

UNBELIEVEABLE

They laughed when I wore my shorts. When I sat down they split.

A bitter biting bittern,
Bit a better brother bittern
And the bitter better bittern bit the bitter biter back.
And the bitter bittern, bitten
By the better bitten bittern,
Said: "I'm a bitter biter bit, alas.

Judge: "What's the charge against this man?"
Officer: "Stealing nine bottles of beer, Your Honour."

Judge: "Discharged. I can't make a case out of nine bottles."

The wife was dying as she said to her husband:
"Promise me you'll ride to the cemetery with Mother."

"Well, all right," growled the spouse, "But it's gonna spoil my whole day."

He asked me, "When?"

I could not tell.

He queried, "Who?"

Again I fell.

He named a man—

To me a stranger,

And I could see myself in danger.

What was this plight-this mystery?

On, just my course in history!

Miss Downey: "Judy, where did you learn to swim like that?"

Judy: "In the water."
